MAIN STREET EXCELLENCE AWARD

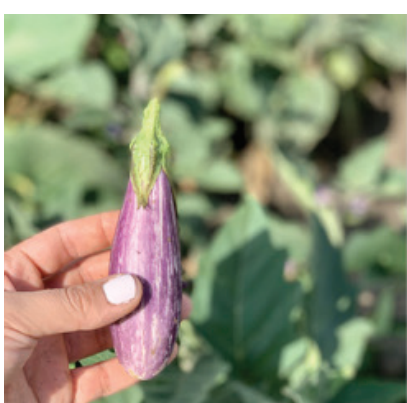

Bowman County, North Dakota

Main Street Garden, Mainspace, Festival of Lights

Bowman County completed three projects: Main Street Garden so anyone, local or visitor, can enjoy and its harvest. Mainspace was created to address the need of the community, it now serves numerous businesses while maintaining sponsors who believe in its mission. Lastly, a community unifying event called Festival of Lights. This event includes all public, private, and nonprofit sectors. BCDC facilitates this annual park lighting and community celebration event, but over 30 businesses, churches, and organizations come together to make it all possible.

Many pictures of Bowman County's projects including "Festival of Lights," the Main Street Garden and Mainspace.
