in North Dakota

Candidate Marketplace

ABOUT THE CANDIDATE MARKETPLACE

The Candidate Marketplace is a crucial piece of North Dakota's "Find the Good Life" talent attraction initiative. We are working hard to get the word out about the amazing quality of life and job opportunities our state has to offer through strategic marketing campaigns and talent-specific messaging. The most exciting part? This tool allows employers to connect directly with the leads captured through our relocation help desk.

These candidates have shared their interest in relocating to North Dakota and are eager to connect with you!

NORTH
Dakota Be Legendary.

How to Gain Access

All employers wanting to utilize the Candidate Marketplace will need to request access for each individual wanting access to the pipeline.

Once information has been collected, our team will review employer requests and grant access accordingly. Once access is granted you will receive an email asking you to create your login credentials.
