

HELLO

International Peace Garden Conservatory

NEW ADVENTURES IN NORTH DAKOTA

In North Dakota, the journey is just as meaningful as the destination. In 2025, our legendary state is excited to welcome new outdoor adventures, cozy stays, and delicious eats. Each one will offer travelers the chance to seek deeper connections with our state, local communities, and legendary history.

PEMBINA GORGE STATE PARK

NEW AMENITIES! The Pembina Gorge State Recreation Area, near Walhalla, is developing into North Dakota's 14th state park. Encompassing over 2,800 acres of public land in the Pembina River Gorge, this area has become a top destination for adventure seekers. Find steep valley cliffs towering over small, isolated prairies and pocketed wetlands surrounded by the largest continuous, undisturbed forest in North Dakota.

INTERNATIONAL PEACE GARDEN CONSERVATORY

NOW OPEN! This expanded facility features an 18,000 square foot succulent garden that is open year-round on the border of North Dakota and Canada. Night tours are planned to see cacti that bloom only at night with new illuminated paths.

THE OLIVE ANN HOTEL

NOW OPEN! This destination boutique hotel flying the Marriott Flag incorporates the rich aviation and aerospace history of Grand Forks and industry trailblazer and legend Olive Ann Beech, into the 78 rooms which are connected to Skies 322 restaurant and Cloud 9 Events. Detail was paid to the decor, amenities and service including art by local artists and locally made and grown amenities.

THEODORE ROOSEVELT PRESIDENTIAL LIBRARY

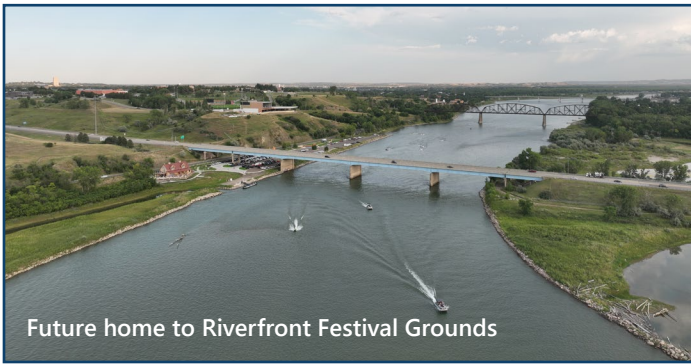

OPENING JULY 2026! The new Theodore Roosevelt Presidential Library will inspire visitors to learn from his enduring legacy and his pillar principles of conservation, leadership and citizenship. Construction has progressed to focus on the interior spaces.

UNION SILOS

WORK BEGAN FALL OF 2024! Union Silos is a public art project designed to turn the downtown Farmer's Union Co-op grain silos into North Dakota's largest mural and artistic backdrop for downtown Minot. Keep an eye out for time lapse video on the project in 2025.
