**Census
2020**

Everyone counts on the census and answers are completely confidential.

Your responses matter

Even if your driver's license is in another state, you count in North Dakota if you are here 51% of the time.

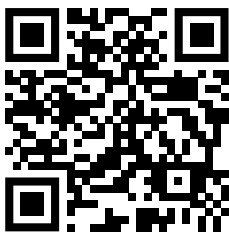

The average individual brings in over \$19,000 in federal funding over the next decade. That funding goes toward:

- Emergency services
- Job training programs
- Housing programs
- Health clinics
- Roads and infrastructure
- And more

Since the 2010 census, North Dakota has seen a large increase in transitory workers that utilize these services every day. Populations for some cities have drastically increased in size.

Take care of your home away from home and be counted in North Dakota for the 2020 census.

Be Legendary. Be Counted!
