

# NORTH Dakota

Be Legendary.™

## **Knock knock. Census time.**

We're going door-to-door, counting the 150,000 plus North Dakota households that still have not completed the 2020 Census. If we miss counting even 10% of those unresponsive residents, North Dakota could lose \$725 million in funding for education, healthcare and families in need.

now or answer the door.**

An illustration of a person's arm and hand knocking on a door. The person is wearing a dark long-sleeved shirt and a grey apron. The apron has the text "United States® Census 2020" printed on it. The door is white with a grey doorknob. The background is a light grey wall with a white arched doorway.
